ABOUT THE MUSEUM

Built in 1867 of Neo Classical architecture, once a general store, theatre, dance hall and town hall, in 1971 the Treadwell Museum of Fine Art was officially opened.

Since 1971 our museum has held expositions of local, national and international artist.

The museum benefits from a collection of over 6.000 works of art representing over 100 artist.

For us, art is research. It is through art that we explore the unknown. With this spirit in mind, we make art and collect art.

Our doors are open to share with you a unique experience.
